

THE COPPER ERA

AND MORENCI LEADER

The Oldest Copper Pro-
ducing District in the
State of Arizona.

VOLUME XIX.

CLIFTON, ARIZONA, FRIDAY, JULY 20, 1917.

NUMBER 9

MAJOR LUMLEY MAKES REPORT
ON STRIKE CONDITIONS HERE
RECOMMENDS FEDERAL MEDIATOR

Major Lumley Investigates Conditions in District and Makes Report. Recommends Conciliators Be Sent Here. Walter Douglas Issues Statement.

Major Lumley, of the Third Artillery, stationed at Douglas and who was ordered by the War Department to conduct a personal investigation of the strike condition in this district, has completed his investigations and made his report to the commanding officer at Douglas.

Prior to coming here Major Lumley was detailed to make a report on the Globe-Miami district last week. While there he attended the conferences between the strikers and federal mediators G. W. P. Hunt and John McBride, and it was largely upon his recommendations that federal troops were ordered into the district.

While here he talked to all citizens, county officials, business men, managers and employees and after looking into the matter carefully made his report to the commanding officer at Douglas. Major Lumley recommended the immediate sending of an investigator and conciliator to this district and he was of the opinion that such mediation would effect a resumption of operations. In event the effort should fail it is understood that a troop of cavalry would be sent to the district pending a settlement or until the federal government takes some other action of a more drastic nature.

Major Lumley failed to see John L. Donnelly, president of the State Federation of Labor, as he left the morning after his arrival.

Walter Douglas Here.

Walter Douglas, general manager of the Phelps Dodge corporation, spent one day the first of the week in Clifton and Morenci. While here Mr. Douglas had a conference with Milton H. McLean, general manager of the Detroit Copper company at Morenci and before leaving for Douglas gave out the following statement after learning at first hand actual conditions here:

"Unless the men return to work under the old agreement, the properties in Morenci will be closed down indefinitely."

When questioned after his conference with McLean, Mr. Douglas said he had nothing to say for publication, only that so far as his company was concerned the men would have to return under the old agreement, or "our properties will be shut down indefinitely." He said the men have been getting out less ore per capita during the past year than ever before in the history of the company, due principally to "soldiering on the part of the employees."

No Possibility of Resumption.

It is plainly evident that there is no possibility of resumption of operations in this district until the federal authorities send a mediator here. The employees presented their demands, the companies made an answer in return and the strike resulted. At no time since the demands were presented has there been a conference, negotiations or propositions looking toward a compromise. Public opinion still remains the same; that the strike was hastily called, and it is reliably reported that a majority of the men are anxious to see some steps taken towards a resumption of operations in the district.

It was stated by an employee this week that if a secret ballot were taken by the Americans and foreigners on the question of going back to work, 70 per cent would vote in the affirmative. A citizen who is on intimate terms with the Mexican element stated that if they were not afraid of being ridiculed 80 per cent of them would return to work.

This makes the third week of the strike and it is expected that the following week will witness the coming of a federal mediator, and with the employees in the present frame of mind it is anticipated that his endeavors will bear good fruit.

JUDGE RULES ON
COUNTY SALARY
LAWJudge Lyman Rules Against Content-
ment That Salaries of Incumbents
Can Be Set During Their Office

According to information from Prescott last night, Judge Lyman of Superior court division No. 2, of this county, sitting in Yavapai county, has rendered a decision in the county salary case of that county, holding the salary law passed by the last legislature to be inapplicable to county officers incumbent at the time of the enactment of the law.

The action was an injunction suit brought by Chairman William Stephens of the board of supervisors, as a taxpayer to enjoin the board from allowing salaries under the new classification law when those salaries differed from the salaries received by officials at the time of their election to office. The other member of the board had voted to allow the new salaries. The injunction was asked for on the constitutional ground that the salary of a county official may not be increased or diminished during his incumbency.

A demurrer was offered to the bill and the matter was argued some time ago and the case was submitted on briefs. The decision of Judge Lyman overrules the demurrer. It is understood that an appeal will be taken directly from this order so that an early decision may be reached by the supreme court.

The new classification law was made necessary by a decision of the supreme court last spring holding the old law to be invalid; to be in fact special legislation inasmuch as it was an attempt to evade the constitution by putting each county into a separate class. In the framing of the law classification bill there was a general scramble by county officials from all the counties to secure increases of their salaries and they were more often successful than not.

In some of the counties, boards of

supervisors have allowed the increased salaries. In this county it has been allowed as to all county officials except superior judges who receive a part of their salaries from the state which had declined to allow the increased salaries to state officials.

SUPREME COURT HOLDS
PICKETING INTIMIDATION

OLYMPIA, Wash., July 18. —The supreme court of the state of Washington, in an opinion rendered here held that picketing is intimidation and contrary to American institutions.

That opinion held that the law prohibits the employer from blacklisting the worker; that the same principle is involved in picketing and that employers cannot blacklist their employees by the use of picketing.

CONVICTS ATTEMPT ESCAPE

A general escape of the convicts confined in the stockade at the prison road camp below Clifton was narrowly averted last Sunday afternoon, one of the men making good his escape, one being shot in the foot and 16 of the convicts being confined in the county jail at Clifton for safe keeping. The men had succeeded in digging a tunnel under the wire fence around the stockade and everything was prepared for a general exodus. The two first men out were noticed by the guards who opened fire on them. One of them escaped and has not been apprehended at this time. The other was hit in the heel and crippled so he could not walk and he was brought to the jail in Clifton where the wound was dressed and he was confined for a couple of days and returned to the camp. The injured man is Glenn Hurley, known as No. 1973, who was sent up from Yuma for grand larceny.

Sixteen of the men who were preparing to make their getaway were also brought to Clifton and put in jail, four of them being taken back to the camp later. Twelve of the convicts, who were considered the most vicious were taken to the penitentiary at Florence Thursday morning where their chances of escape will

DRAWING OF 10,000,000 MEN TAKES PLACE IN WASHINGTON

Following is a partial list of the serial numbers, in the order in which they were drawn at Washington, D. C., yesterday, Friday.

These numbers were drawn by lot to determine the order in which registered persons are to be called before the various exemption boards. As soon as quotas are assigned to each state, and each board, each board will call upon persons whose cards are in its jurisdiction instructing them to present themselves for examination following the order in which the numbers were drawn.

For example taking the list as published in this issue, No. 258 representing Martea Carwona would be the first person called for examination before the local board consisting of Sheriff Arthur Slaughter, Recorder

Rodney Ellis and County Physician L. A. W. Burch.

In the event Palacido Cruz was exempted by the local board the bearer of Serial No. 2522 representing Eduardo Villalobos, would be called before the Board for the next examination, and if he qualified, then the next number drawn by lot in Washington, which was 478, representing Luis Esparza, in this county, would be called upon to present himself. And so on, number by number, until the allotted quota for this district has been secured. Approximately ten million men were drawn by lot in Washington on Friday. The first quota of 500,000 men will be allotted to the several states, and in turn to each district in the state, in order in which they were drawn on Friday. The remainder will be called for in their

order as drawn as required by the war department.

The list herewith published, in the order in which they were drawn will be sufficient to fill out the quota of the first 500,000 men. The number appearing opposite your name is your Serial Number on file in the office of County Recorder and should not be confused with your registration card number.

The date on which you are to appear before the local examining board will be posted at the court house and will also be published. Watch for these notices as soon as the quota for this district has been promulgated.

Serial numbers and corresponding names in Greenlee county in the order in which they are to be called for examination before the local board are as follows:

258 Martea Carwona	2552 Veliriano Hernandez	3230 Ysabel Romero	1132 Clemente Ortiz

DONNELLY ARRESTED
IN PHOENIX FOR
MURDEROUS
ASSAULTArrested in Barricaded Home at Mid-
night and Taken to Jail — \$5,000
Cash Bond Furnished on Friday
Preliminary Examination Set For
Monday.

(Special to the Copper Era)

PHOENIX, July 20. — John L. Donnelly, president of the State Federation of Labor, and a member of the State Council of Defense, who was in Clifton last week and left there Sunday night last ostensibly for Bisbee, was arrested in Phoenix Thursday night at midnight by a Sheriff's posse on a charge of assault to commit murder and was placed in the county jail together with his wife.

The complaint was made by Frank O'Leary, a neighbor, who lives across the street from Donnelly who alleged that following a quarrel over the fence he (O'Leary) turned and started to walk towards his house when Donnelly shot at him. O'Leary made the statement that the quarrel grew out of the fact that he had recently joined the police reserve corps to which Donnelly took exception.

After the altercation Donnelly entered his own house and at midnight he and his wife were taken into custody. The police found Donnelly and his wife barricaded in their home, attired in their night clothes. They were both taken to the police station where they were detained until Friday forenoon when Mrs. Donnelly was released. Later in the day Donnelly was arraigned in the Justice Court charged with murderous assault and put under a bond of \$5,000 for his preliminary hearing next Monday. Cash bail was furnished.

Donnelly says there was no shooting by him and that the altercation was only a neighbor's quarrel, that it was not related, as O'Leary said, to the fact that the latter had joined the police reserves.

RECRUITING PARTY
HERE THIS
WEEKLieut. James B. Jones, First Arizona
Infantry and a party of four enlisted
men have opened offices in the Clif-
ton Hotel.

This party has been sent here for the purpose of accepting for enlistment all able bodied American citizens who wish to join the First Arizona Infantry stationed at Naco, Arizona.

The First Arizona Infantry is our own home regiment and is greatly in need of men.

The chances for promotion are exceptionally good at this time and as the regiment leaves for its training camp at Linda Vista, California in the near future it is safe to say that all who enlist now will soon see active service in France.

The following named enlisted men have enlisted either here or at Duncan and have been assigned to their companies: Louis Tipton, James Phillips, Carl Page, Jack Schaffer, John Bryant, Dean Phillips, Lem Spaw, Jim Nations, Raymond Gilliland, George McDonald, Arthur Deas, Leonard Deas, Herwell Terrell and James D. Dillon.

These young men are to be congratulated on their early enlistment and when promotions are to be given their names will be among the first.

Some of the young men are stationed at Roosevelt Dam where they are enjoying a summer vacation; others are at Naco and Ajo, Arizona. In the near future the regiment will be ordered together at Naco and from there it will go to its training camp to prepare for its duties in France.

The pay in the army has been greatly increased and a private soldier draws thirty dollars per month.

The country needs men now as it never has before and all young men who are able bodied and with red blood in their veins should take time by the forelock and join their own home regiment now and not wait for the draft.

Any young man who contemplates enlisting for his country's cause should see Lieut. Jones or some one of the recruiting party at once as the draft is not far off.

The enlistment period is for "The Duration of the War" and now is the time to enlist "In the Best Regiment in the Best Army in the World."

The following enlistments were recorded on July 19th: Herbert Springs, Charles Rodig, Douglas Pascoe. The men have been sent to Naco, Arizona where they will take up training.

Lieut. Jones and Private Spaw will spend the first of next week in the Duncan country where they expect to enlist quite a number of Duncan's young manhood.

(Continued on page 4.)
